

Hi,

Focus TV must move our studio to make room for the Casino. We are applying for a grant from the Mass Gaming Commission to help us relocate. You could help us win that grant by sending an email to the Commission, as suggested below. Thank you so much for supporting Focus Springfield's mission to serve the community through highlighting the positive aspects of our community.

John, Steve, Brendon, Josue, and Yesenia

In an email:

SUBJECT: 2017 Mitigation Fund Applications

I am writing in support of Focus Springfield Community TV with the hope that they will receive a Mitigation grant to secure the funds to continue operations at new location.

<<< Here, write how Focus is meaningful to you. Examples of things you could write about include:

- *Why it is important to have Public Access in Springfield*
- *How the government programming keeps you informed of important issues*
- *Your favorite program on Focus*
- *The free training & assistance the staff provides*
- *How Focus TV helps share positive aspects of the community*

These are just some ideas for what you can write about, but please share any positive experience that you've had with Focus! >>>

Thank you for your time, and I hope you consider helping Focus move to a new location so they can continue to provide unique resources to the community.

Sincerely,
YOUR NAME
